RE: Investigation Derived Wastes

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the United States Department of Energy's (U.S. DOE) August 18, 1995, letter clarifying U.S. DOE's position with respect to the establishment of a site-wide investigation-Derived waste (IDW) policy.

U.S. EPA concurs that a the IDW policy should be based on final cleanup levels of the site. Also, this policy should be incorporated into a revised Removal Action (RA) 17 (management of soil and debris) work plan. However, U.S. DOE has not committed to a date for submittal of a revised RA 17 work plan.

Therefore, U.S. DOE must submit a revised RA 17 work plan within thirty (30) days receipt of this letter.

If you have any questions regarding this matter please contact me at (312) 886-0992.

Sincerely,

James A. Saric
Remedial Project Manager
